

YO

design Romano Marcato  
2016

Essential and clean lines are the inspiration for the name: YO, a new side table by Romano Marcato has a Y-shaped base in laser-cut steel sheet powder coated and a round off-centered top. Its name comes from the mix of these two graphic shapes. It has been thought up specifically for the hotel industry and the contract market, but it is also useful in elegant residential environment. YO is height-adjustable (from 48 to 71 cm) and fits perfectly for lounge areas next to sofas and armchairs as a convenient side table for laptops, books or personal belongings. It has a powder-coated metal base and a 50cm-top in Fenix laminate (black or white) or in wood (blanched oak, dark walnut or black open pore). This new product reflects lapalma's capability of responding to the needs of the contract market with creativity and high flexibility in the production.

#### use and maintenance instructions

Clean all parts in wood, leather, fabric and metal with a damp cloth or a diluted neutral cleaner. Do not use cleaners with alcohol, bleach, solvent or abrasive products. Any liquid spill on the product must be wiped up immediately. When lifting or moving the product, hold it on the structure and not under the seat. The product should not be subjected to unbalanced weights, as it is designed for a proper rest on the foothold (on four legs or on the base). Our company relieves from any responsibility in case of damage caused to fragile floors. Avoid any improper use of the product: do not step on the product, on the footrest or on the armrests. Avoid any movements that could compromise the proper functionality of the product or the safety of the users. Wood and leather, being natural materials, could be easily damaged. Small impurities or imperfections are within quality standard range. Do not expose the product to weather conditions or atmospheric agents, nor to heat sources over 45°C. Also products for outdoor use could be afflicted by atmospheric agents. The product could undergo possible exterior changes due to particular exposure to heat, humidity and saltiness. An appropriate and frequent maintenance and cleaning of the product enhances its durability. The product could change colour and shade, if exposed to direct sunlight. Maintenance has to be carried out by experienced staff. Dispose of the package only after assembling the product, in order to avoid the loss of ironmongery and components. Once the product has been dismantled, the product itself or its components must be given to the public garbage disposal system, according to the legislation in force.
